## Commentary

David Smith, Chairman and Chief Executive Officer of Sonic Automotive, stated, "We are proud of our team's performance in the first quarter, with our diversified business model and commitment to returning capital to stockholders driving year-over-year growth in adjusted earnings per share* despite the continued normalization of new vehicle margins in our franchised dealerships segment. During the quarter, our EchoPark Segment results exceeded our previously communicated target for breakeven adjusted EBITDA*, and we are excited to report all-time record quarterly EchoPark Segment adjusted EBITDA* for the first quarter. We remain confident that we have the right strategy, the right people, and the right culture to continue to grow our diversified business and create long-term value for our stakeholders."

Jeff Dyke, President of Sonic Automotive, commented, "Our EchoPark results in the first quarter demonstrate our team's valuable industry experience and the adaptability of our innovative EchoPark model, and validate the difficult decisions we made to right-size our EchoPark footprint over the last several quarters. Based on recent trends and our outlook for gradual improvement in the used vehicle market going forward, we remain confident in our ability to maintain positive quarterly EchoPark Segment adjusted EBITDA* for the remainder of 2024, driving significant year-over-year improvement in the EchoPark Segment to help mitigate the continuing effects of margin normalization in our Franchised Dealerships Segment."

Heath Byrd, Chief Financial Officer of Sonic Automotive, added, "Our diversified cash flow streams continued to benefit our overall financial position in the first quarter. As of March 31, 2024, we had $\$ 847$ million of total liquidity, including $\$ 335$ million in cash and floor plan deposits on hand. We believe we remain well-positioned to adapt to evolving market conditions and position the Company for success in 2024 and beyond."

## Forward-Looking Statements

Included herein are forward-looking statements, including statements regarding anticipated future EchoPark profitability and anticipated future EchoPark adjusted EBITDA. There are many factors that affect management's views about future events and trends of the Company's business. These factors involve risks and uncertainties that could cause actual results or trends to differ materially from management's views, including, without limitation, economic conditions in the markets in which we operate, supply chain disruptions and manufacturing delays, labor shortages, the impacts of inflation and increases in interest rates, new and used vehicle industry sales volume, future levels of consumer demand for new and used vehicles, anticipated future growth in each of our operating segments, the success of our operational strategies, the rate and timing of overall economic expansion or contraction, the integration of recent or future acquisitions, and the risk factors described in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 and other reports and information filed with the United States Securities and Exchange Commission (the "SEC"). The Company does not undertake any obligation to update forward-looking information, except as required under federal securities laws and the rules and regulations of the SEC.

## Non-GAAP Financial Measures

This press release and the attached financial tables contain certain non-GAAP financial measures as defined under SEC rules, such as adjusted net income, adjusted earnings per diluted share, adjusted SG\&A expenses as a percentage of gross profit, adjusted segment income, and adjusted EBITDA. As required by SEC rules, the Company has provided reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures in the schedules included in this press release. The Company believes that these non-GAAP financial measures improve the transparency of the Company's disclosures and provide a meaningful presentation of the Company's results.

Investor Presentation | First Quarter 2024

## Forward-Looking Statements

This presentation contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to future events, are not historical facts and are based on our current expectations and assumptions regarding our business, the economy and other future conditions. These statements can generally be identified by lead-in words such as "may," "will," "should," "could," "believe," "expect," "estimate," "anticipate," "intend," "plan," "project," "foresee" and other similar words or phrases. Statements that describe our Company's objectives, plans or goals are also forward-looking statements. Examples of such forward-looking information we may be discussing in this presentation include, without limitation, our anticipated future new vehicle unit sales volume, revenues and profitability, our anticipated future used vehicle unit sales volume, revenues and profitability, future levels of consumer demand for new and used vehicles, our anticipated future parts, service and collision repair ("Fixed Operations") gross profit, our anticipated future finance and insurance ("F\&|") gross profit, our anticipated expense reductions, long-term annual revenue and profitability targets, anticipated future growth capital expenditures, profitability and pricing expectations in our EchoPark Segment, EchoPark's omnichannel strategy, anticipated future EchoPark population coverage, anticipated future EchoPark revenue and unit sales volume, anticipated future performance and growth of our Franchised Dealerships Segment, anticipated growth and profitability of our Powersports Segment, anticipated liquidity positions, anticipated industry new vehicle sales volume, the implementation of growth and operating strategies, including acquisitions of dealerships and properties, anticipated future acquisition synergies, the return of capital to stockholders, anticipated future success and impacts from the implementation of our strategic initiatives, and earnings per share expectations.

You are cautioned that these forward-looking statements are not guarantees of future performance, involve risks and uncertainties and actual results may differ materially from those projected in the forward-looking statements as a result of various factors. These risks and uncertainties include, without limitation, economic conditions in the markets in which we operate, supply chain disruptions and manufacturing delays, labor shortages, the impacts of inflation and increases in interest rates, new and used vehicle industry sales volume, the success of our operational strategies, the rate and timing of overall economic expansion or contraction, and the risk factors described in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 and other reports and information filed with the United States Securities and Exchange Commission (the "SEC").

These forward-looking statements, risks, uncertainties and additional factors speak only as of the date of this presentation. We undertake no obligation to update any such statements, except as required under federal securities laws and the rules and regulations of the SEC.

## Sonic Automotive Company Overview

NYSE: SAH-A Fortune 300 Diversified

## Automotive Retailer

- Our Franchised Dealerships Segment is a full-service automotive retail business with a diversified brand portfolio and multiple strategic growth levers
- 107 locations - $\$ 11.8$ billion in FY 2023 revenues
- Our EchoPark Segment Provides high growth potential in a highly fragmented pre-owned vehicle market
- 18 locations - $\$ 2.4$ billion in FY 2023 revenues
- Our Powersports Segment represents an early-stage consolidation growth opportunity at attractive multiples
- 13 locations - $\$ 163$ million in FY 2023 revenues
- We believe our diversified business model provides significant earnings growth opportunities in our EchoPark and Powersports segments that may help to offset any industry-driven margin headwinds we may face in the franchised business, minimizing the earnings downside to consolidated Sonic results over time

Total Revenues and Earnings Per Share

## Diversified Portfolio And Business Lines

(1) Includes Alfa Romeo, Infiniti, Jaguar, Maserati, MiNl and Volvo
(2) Includes Hyundai, Nissan, Mazda, Subaruand Volkswagen
(3) Includes Harley-Davidson, Kawasaki, BRP, Polaris, Honda, Suzukk, BMW Motorrad, Yamaha, Ducati, and Indian Motorcycle

## Strategic Focus - Franchised Dealerships Segment

Franchised Dealerships Strategy

- Focus on opportunities to offset normalizing new vehicle gross profit margins through growth in parts and service (Fixed Operations) and finance and insurance (F\&I) gross profit
- Actively manage new and used vehicle inventory turnover and adapt to electric vehicle (EV) transition
- Focus on selling, general and administrative (SG\&A) expense control to maintain structural improvement in SG\&A leverage as a percent of gross profit
- Pursue accretive strategic acquisition opportunities once market normalizes

Retail New Vehicle Unit Sales Volume, Revenue, and Gross Profit Per Unit

Retail Used Vehicle Unit Sales Volume, Revenue, and Gross Profit Per Unit

## Retail New And Used Vehicles

- While new vehicle GPUs continue to decline, we believe the "new normal" will be significantly higher than pre-pandemic levels
- We believe used vehicle GPU may decline over time if we are able to drive higher retail used vehicle unit sales volume by supplementing our inventory levels from wholesale auction sources as off-rental inventory supply returns to normal
- Strategic focus to return to selling at least 100 retail used vehicles per store per month, on average (represents approximately $25 \%$ improvement in retail used vehicle volume throughput per store)
- As new and used vehicle sales volumes recover from pandemic-induced lows, F\&I gross profit and fixed operations gross profit should benefit, partially offsetting vehicle gross margin normalization

## Strategic Focus - Franchised Dealerships Segment ${ }_{\text {(coritues) }}$

F\&I Gross Profit Per Unit and Product Penetration Rates

## Fixed Operations And F\&/

- Target adding 300 incremental technicians in FY 2024, projected to generate approximately $\$ 100 \mathrm{M}$ in incremental annualized fixed operations gross profit
- Fixed operations parts and labor cost inflation is generally passed along to customers, supporting stable fixed operations profit margins over time
- Vehicle affordability challenges may drive consumers to choose to repair their current vehicle to extend its life rather than replace it with a newer vehicle, benefitting fixed operations revenues
- F\&l gross profit per unit increased nearly $50 \%$ from FY 2019 to FY 2023, driven primarily by higher warranty contract penetration rates
- We believe F\&I GPU will remain structurally higher than pre-pandemic
- Even in an elevated interest rate environment, finance contract penetration rates remain robust and are supported by manufacturer financing or lease incentives only available at franchised dealerships

Note: Technician headcount, fixed operations profitmargin and F\&I GPU are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

## Strategic Focus - Franchised Dealerships Segment ${ }_{\text {(continued) }}$

## Hybrid vs. Electric Vehicle Trends

- Industry sales volume penetration rates for combined hybrid electric vehicles (HEV) and plug-in hybrid electric vehicles (PHEV) are nearly double the penetration rates for battery electric vehicles (BEV) and are trending upward
- We believe there is an easier path to consumer adoption of alternative power trains as more manufacturers expand their hybrid vehicle model offerings
- Hybrid new vehicle GPU was higher than internal combustion engine (ICE) new vehicle GPU in our import and domestic brands, and marginally lower in our luxury brands
- BEV new vehicle GPU lags both hybrid and ICE vehicles, resulting in $B E V$ sales negatively impacting total new vehicle GPU by approximately $\$ 400$ in Q1 2024
- Initial BEV repair and maintenance trends show lower frequency but higher gross profit per repaii order vs. ICE vehicles, while hybrid vehicles create opportunity to service both types of power trains
- Ongoing investment in BEV repair and maintenance capabilities (e.g. heavy-duty vehicle lifts, battery removal and storage needs, technician training)
- Over $90 \%$ of Sonic's franchised dealerships are equipped with electric vehicle charging capabilities

## Strategic Focus - EchoPark Segment

## EchoPark Strategy

- Returned to positive segment adjusted EBITDA* in Q1 2024 after 3 years of industry-driven headwinds
- Focus on leveraging retail sales volume momentum and improving used market backdrop to generate positive adjusted EBITDA* and significant year-over-year adjusted EBITDA* growth in FY 2024
- Expect to resume disciplined expansion of EchoPark footprint once used vehicle market conditions are supportive
- Long-term goal to reach $90 \%$ of the U.S. population
- Below-market pricing and no-haggle transparent guest experience expected to drive market share gains

Note: Adjusted EBTTDA and footprint expansion projections are estimates of future results. Actual results may differ. See "Forward-LOokingSStatements."Financial data may also include certain forward-looking information thatis not presented in accordance with $G A A P$. We believe that a quantitative ereconciliation of such forward-looking information to the most directly comparable $G A A P$ financial measure cannot be made available without unreasonable efforts, because a reconcliliation of these non-GAAP financial measures would require an estimate of future non-operating tems such as impairment charges or gainl/loss on property dispositions. Nether the timing nor ikellihood of these events, nor their probabble significance, can be quantified with a reasonable degre of accuracy. Accordingly, a reconciliation of such forward-looking informationto the most directly comparable GAAP financial measure is not provided.

## Strategic Focus - EchoPark Segment ${ }_{\text {(continued) }}$

## EchoPark Strategy

- Anticipate positive retail used vehicle GPU throughout FY 2024 due to faster inventory turns and stability in wholesale and retail prices and used car supply
- Maintain focus on optimizing F\&l product offerings and pricing to drive F\&I GPU growth in FY 2024
- Expect used vehicle wholesale and retail prices to gradually decline throughout FY 2024, reducing inventory acquisition costs and potentially driving incremental industry sales volume as consumer affordability improves
- Used vehicle supply is projected to reach its lowest point in 2025, due to lower levels of off-lease inventory as a result of declines in new vehicle industry sales volume since 2020 and fewer lease originations
- Beyond 2025 , gradual expansion of used vehicle supply and further normalization of used vehicle pricing should drive consumer demand and higher retail sales volume for EchoPark

Note: F\&I GPU growth, used vehicle price and supply, and sales volume projections are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

## Strategic Focus - Powersports Segment

Powersports Strategy

- Standardize operating playbooks and processes in existing stores to facilitate future growth
- Roll out modernized inventory management and marketing strategy
- Manage expenses and inventory to mitigate effects of weaker seasonal demand in Q1 and Q4 while supporting higher seasonal demand in Q2 and Q3
- Expect to realize synergies from network effect, driving potential gains in used vehicle volume and F \&
- Identify desirable acquisition opportunities at attractive valuations to grow this segment

Note: Multiples are based on the most recent Kerrigan Blue Sky Report and Haig Report. Multiples are typically applied to a normalized dealership earnings before taxes. Luxury includes: Porsche, Lexus, Mercedes-Benz, BMW, Jaguar Land Rover and Audi

Other Luxury includes: Volvo, Acura, Cadillac, Lincoln, Infiniti Import includes: Toyota, Honda, Subaru, Nissan, Mazda, Kia, Hyundai, WW Domestic includes: Chevrolet, Buick, GMC, Ford, Chrysler, Jeep, Dodge, RAM

## Strategic Focus-Consolidated Company

## Consolidated Company Strategy

- Expect to maintain strong balance sheet and free cash flows
- Balanced capital allocation strategy prioritizes highest return opportunity
- History of returning capital to shareholders via dividend and share repurchases
- Quarterly dividend per share has grown 200\% since 2019, current yield over 2.25\%
- Reduced outstanding shares by $21 \%$ since 2019 (\$260 million remaining authorization, or ~15\% of market cap)
- Net debt to adjusted EBITDA ratio* of 2.18 for the 12 months ended Q1 2024 is within our target leverage range
*Refer to appendix for calculation and reconciliation of Net Debt to Adjusted EBITDA Ratio (a non-GAAP measure). Note: Dividend yield and market cap are based on stock price as of April 24, 2024.

## Sonic Automotive FY 2024 Outlook

## Consolidated

- Expect lower Franchised Dealerships Segment earnings to be partially offset by higher earnings in our EchoPark and Powersports Segments
- Expect \$15-20 million increase in annual floor plan interest expense due to higher new inventory levels and higher average interest rates vs. FY 2023
- Earnings per share results will be primarily dependent upon rate of normalization of new vehicle GPU and rate of EchoPark profitability improvement

## Franchised Dealerships Segment

- Expect low single digit percentage growth in revenues and mid single digit percentage decline in gross profit, driven by:
- Continued normalization of new vehicle GPU, potentially exiting 2024 in the $\$ 3,000$ per unit range, with $>50$ days' supply by $Q 42024$
- Low single digit percentage growth in new and used retail sales volume, consistent with industry SAAR outlook
- Mid single digit percentage growth in fixed operations gross profit
- Low single digit percentage F\&I gross profit growth, driven by higher retail unit volume and flat $F \& I G P U$ in $\$ 2,400$ per unit range
- Expect SG\&A expenses as a \% of gross profit in low 70\% range

## EchoPark Segment

- Achieved positive adjusted EBITDA* of $\$ 7.3 \mathrm{M}$ in the first quarter of 2024 , exceeding previously stated target of breakeven adjusted EBITDA*. Remain confident in ability to maintain positive quarterly adjusted EBITDA* for the remainder of FY 2024, driven by:
- Expected benefits of smaller store footprint, driving higher unit volume throughput per store and positive used vehicle GPU
- Expect high single digit percentage F\&I GPU growth
- Expect SG\&A expenses as a \% of gross profit in the $80 \%$ range (target below $70 \%$ at maturity)

## Powersports Segment

- Expect FY 2024 adjusted EBITDA* between $\$ 10-\$ 13$ million, with majority coming in Q3 (Q1 \& Q4 near breakeven due to seasonality)
*Refer to appendixfor calculation and reconciliation of Adjusted EBITDA (a non-GAAP measure).
Note: Above outlook is based on projections. Actual results may differ. See "Forward-Looking Statements." Financial data may also include certain forward-looking information that is not presented in accordance with GAAP. We believe that a quantitative reconciliation of such forward-looking information to the most directly comparable GAAP financialmeasure cannot be made available without unreasonable efforts, because a reconciliation of these non-GAAP financial measures would require an estimate of future non-operating items such as impairment charges or gain/loss on property dispositions. Neither the timing nor likelihood of these events, nor their probable significance, can be quantified with a reasonable degree of accuracy. Accordingly, a reconciliation of such forward-looking information to the most directly comparable GAAP financial measure is not provided.
