***Sonic Automotive, Inc. Announces Gross Margin Pressure in Key Brands Negatively Impacted 2018 Second Quarter Results and Schedules Release of 2018 Second Quarter Results***

**CHARLOTTE, N.C.** – July 17, 2018 – Sonic Automotive, Inc. (NYSE: SAH), one of the nation’s largest automotive retailers, today announced that second quarter earnings were negatively impacted by lower than anticipated new vehicle gross profit per unit in certain key brands.

Commentary

Jeff Dyke, the Company’s Executive Vice President of Operations, noted, “Our BMW and Honda dealerships historically have represented approximately 40% of our store level profits. Beginning in the second quarter, new vehicle gross profit per unit at our BMW and Honda dealerships was significantly lower than expected due primarily to lower manufacturer-to-dealer incentives on certain models. We believe we will continue to see margin pressure in these brands through the third quarter, however, we are optimistic that support from our manufacturer partners and highly anticipated new model releases from BMW in the fourth quarter will drive consumer demand and increased profitability on new units.”

Heath Byrd, the Company’s Chief Financial Officer, noted, “As a result of the headwinds that Jeff noted, we now expect diluted earnings per share from continuing operations for the second quarter of 2018 to be between \$0.37 and \$0.41 and on an adjusted basis to be between \$0.32 and \$0.36. For the full year 2018, we now expect diluted earnings per share from continuing operations to be between \$1.65 and \$1.75 and on an adjusted basis to be between \$1.90 and \$2.00. Both the second quarter and full year adjusted earnings per share ranges exclude non-operating items such as impairment charges, legal and storm damage charges, long-term compensation-related charges and lease exit adjustments, offset partially by gains from the disposal of franchises.”

The below table provides a reconciliation of the non-GAAP ranges to the corresponding GAAP amounts. In determining the adjusted amounts, the Company has considered actual year-to-date non-operating items as described above, but has not made reserves for potential future non-operating items with respect to its projections for third and fourth quarter results.

	Three Months Ended June 30, 2018		Twelve Months Ending December 31, 2018	
	Low	High	Low	High
Expected GAAP diluted earnings per share from continuing operations	\$ 0.37	\$ 0.41	\$ 1.65	\$ 1.75
Adjustments:				
Impairment charges	\$ 0.17	\$ 0.17	\$ 0.24	\$ 0.24
Legal and storm damage charges	\$ 0.05	\$ 0.05	\$ 0.08	\$ 0.08
Long-term compensation-related charges	\$ 0.40	\$ 0.40	\$ 0.55	\$ 0.55
Lease exit adjustments	\$ (0.04)	\$ (0.04)	\$ 0.04	\$ 0.04
Gain on disposal of franchises	\$ (0.63)	\$ (0.63)	\$ (0.66)	\$ (0.66)
Expected adjusted non-GAAP diluted earnings per share from continuing operations	\$ 0.32	\$ 0.36	\$ 1.90	\$ 2.00

The Company believes that the non-GAAP financial measure, adjusted diluted earnings per share from continuing operations, improves the transparency of the Company’s disclosure, provides a meaningful presentation of the Company’s results from its core business operations excluding the impact of items not related to the Company’s ongoing core business operations and improves the period-to-period comparability of the Company’s results from its core business operations.
